**W**e are a group of wineries from all the regions of France but all the wines are available in the same point in order to reduce delivery & storage costs. We have a one point storage in Loire Valley.

**W**e share the same values, and the same objectives to make quality wines. All our wines are made in the respect of environment and "terroir". So I think your customers will be interested in our wines.

**Y**our benefits :

- Reduction of the delivery costs
- The best and wide representation of french wines
- Direct Prices from wine producers
- No agents, or Negociants in the association, between you and each producer
- A only interlocutor

Patrimoine des Terroirs thanks you for your confidence and will always do everything to ensure your satisfaction by offering quality wines and special attention.
