Flower Loom
So easy to decorate
With all kinds

The funny hand-bag

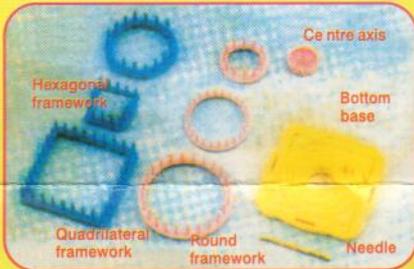

The Outstanding floriation

The Cushion

To make beautiful floriation

HOW TO USE

1. To put the bottom base and framework together according to the picture.

2. To left around 10cm of yarn on the edge and fasten it under the base, then pass through it from the hole and the top.

3. To fasten the yarn onto the axis as per <Basic fastening way of yarns>

4. To leave around 10cm of yarn on the end after you fasten all yarns onto the axis, and tie it together with the left 10cm of initial end.

by NP Fashion

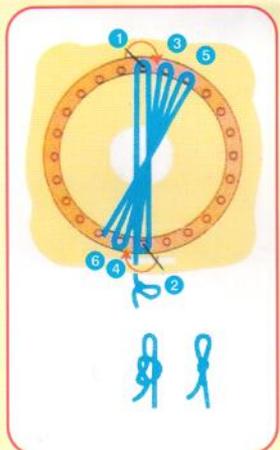

5. To sew up the petals with needles as per <Basic sewing instruction>.

6. Untie the yarn knots of the two ends, and take out the finished floriation.

Basic fastening way of yarns

1. To hang the yarn from the left to right side, then hang it back again via 2

2. To hang the rest 3,4,5,6, with the same way. To tie the two ends of yarn after finishing all.

*make sure the yarn is tight enough in order to avoid the yarn loose.

Basic Sewing Instruction

1. Needling through the flower's central from the bottom to up

2. Needling from the petal's middle to the flower's central.

3. Repeat the step 1 and 2, and finish all the petals in the same way.

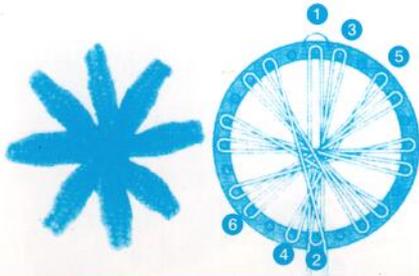

*After finish the sewing, take out the flower from the frame, tie the yarn ends and cut away the extra part.

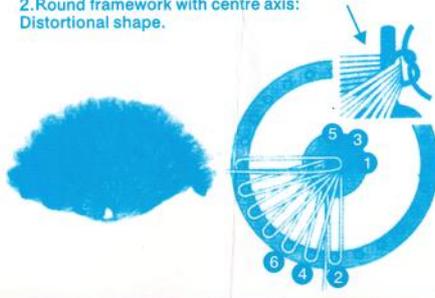

More fastening way of yarns: To make all kinds of funny floriation by different frameworks and hanging way of yarns.

1.Round framework: The shape of straw sandals.

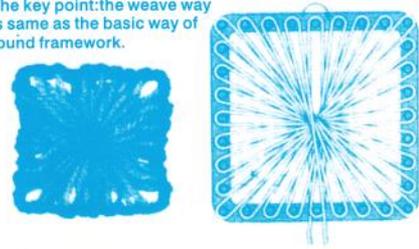

2.Round framework with centre axis: Distortional shape.

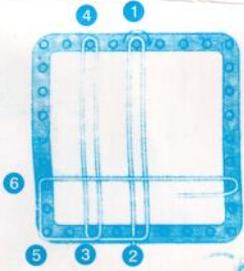

3.Quadrilateral framework: floriation pattern.

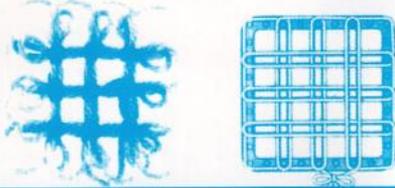

The key point:the weave way is same as the basic way of round framework.

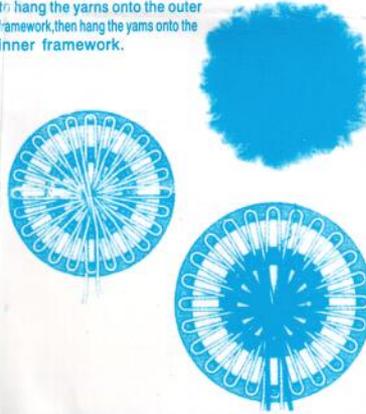

4.Quadrilateral framework:Waffle shape

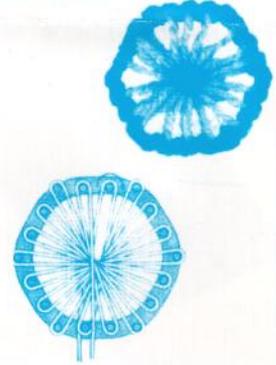

To hang on the 1,and the n hang on the 2 on the opposite along the clockwise;
To go through from 2 to 3 along the clockwise;
To do the same way from 3-4-5-6... then tie the two edges of yarns
To make twice for each axis

5.Round framework with round framework: double pattern
To put two different sizes of framework, to hang the yarns onto the outer framework, then hang the yarns onto the inner framework.

6.Hexagonal framework: Floriation pattern
The key point is same as basic way of round framework.

More sewing way of yarns:

1.Round sewing

To wind 4 yarn with one yarn as per picture

To pull it tightly after winding

To tie the two ends tightly and cut the extra yarn away.

3.For the shape of straw sandals

To begin the sewing close to centre parts, and pass through the yarn up and down alternate ly;

To do the sewing in the same way in the reverse direction from the centre;

To put two yarns onto one axis when close to the frame, keep sewing till a petal finished;

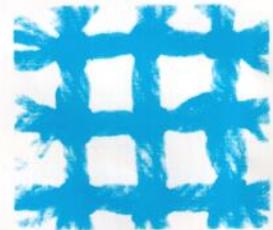

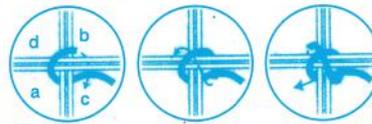

To take off the floriation from the frame after all the petal finished, then foist all the ends into petal and cut the extra yarn away.

Easy Flower Loom

2.Cross sewing

To begin the sewing from a, then b-c-d.....

At last, to tie the two ends tightly and cut the extra yarn away

4.Sewing on the half part:

First of all, to do the centre sewing to fix the floriation.

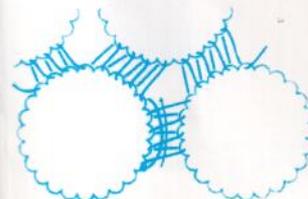

To tie the two adjacent yarns together first;

To tie two ends together and cut the extra yarns away.

To tie the next two adjacent yarns together, and so on...

The example of the method for link
Link the repeat pattern with the needle.
