Work :

First part in slipped stitches:

The rows will alternate colors A and B with slipped stitches in color B. At the beginning of each row, the number of this row, the color in which it is knitted and the fact that it is knit or purl are indicated.

The final number of stitches is indicated at the end of each row in parentheses.

With 3.5mm needles, cast on 48 stitches in color A and make 2 rows by knitting all the stitches.

Part two: two-tone intarsia and cables.

For this portion, the rows are knitted in jacquard in the 2 colors. The cables are also two-tone. Remember: Knit the stitches in the color they come in. The colors are stipulated after each stitch. Be flexible in your knitting to obtain a uniform effect on the knitting, and remember to cross your threads at the beginning and end of the row.

Switch to 4mm needles and continue.

Knit the row 30 in color B.

Take color A and make a row identical to row 21. Then for the next row, still in color A, knit all the stitches.

Then, on the right side row, bind off all the stitches very loosely with color A by purling all the stitches. Block the shawl in the shape of a half circle and using the points that the knitting has formed naturally. Bring in all the threads and cut them short.
