- seventh decrease : knit 1 ,purl 1, then, *Knit 2 together*, repeat from *to*, knit 1.

Leave stitches on the knitting needle, cut the thread by leaving 50 cms for the sewing.

Take a needle with wool, cross with the thread of sewing in stitches and fix the top of the hat.

Note: if you use a thread with glitter, fix in the hat and use the other thread for the sewing because the glitter sticks and damage the knitting.

Make the sewing on it to the hat, bring in the threads and cut them to short.

The flower:

With needles 7mm cast on 120 stitches, with the brilliant thread and the thread merino together.

Knit the first row

Then on the wrong side, Purl 2 together: you will have 60 stitches left at the end of the row.

Right side: Knit 2 together, you will have 30 stitches left at the end of the row.

Wrong side: Purl 2 together: you will have 15 stitches left at the end of the row.

Right side: Knit 2 together, you will have 8 stitches left. Cross the thread in stitches.

Fix the flower with a button, by centering the heart in 9cm of the edge of the hat. You can fix the circumference of the flower by a discreet sewing if you wish.

The Collar:

With the 3 threads together, cast on 41 stitches with needles 9mm.

Knit in ribs 1/1 up to 24 cms in height.

To bind off : Knit 2 stitches in the first stitch by using at first the back stalk, then the stalk before of the stitch situated on the left needle. Cast off then the first stitch so obtained on the second: you have a stitch on the right needle.

Then: knit a stitch place in the back stalk of the following stitch, not drop the stitch but bind off the stitch of the right needle on the one that you obtained. Knit a stitch place in the stalk before of the stitch which stayed on the left needle, to drop this stitch and bind off the first one on this one.

Proceed so for all the stitches, this allows to break the straight aspect of bottom of the collar.

Make the sewing vertically.

Double the collar (as a turtleneck) with highly-rated casted off below, sew 2 buttons so as to fix both pieces of the collar so that it does not move.
