

ZPAGETTI SQUARE BASKET PATTERN

« Lattice-work effect » **Stitch** : crochet a series of [single crochet (X) + chain (O)] in each hole made by chains of previous row. **O = beginning**

You need half-ball of Hooked Zpagetti

Tool : crochet n°10 or 12

Size of basket : 21 cm x 21 cm x 9 cm

- Use « lattice-work effect » stitch to do a square of 21 cm x 21 cm, i.e. 17 stitches x 16 rows.
- Continue by crocheting all around the square, always using « lattice-work effect » stitch, i.e. single crochet in the seven holes of each side and one in each corner + chain between single crochet. Mark the beginning of round to finish with a slip stitch at the end.
- Turn always in same direction. Do 3 rounds of single crochet. Miss one stitch in each corner. So you'll have 15 then 14 then 13 stitches by side. End each round with a slip stitch.
- Do another round without decreasing, i.e. 4 x 13 stitches.
- Next round, continue to do single crochet, but in two opposite sides, replace by 5 chain in the middle for handles.
- Last round, single crochet in each stitch and 6 single crochet in handles.
