

Cloud + Raindrop Mobile Pattern

By: skg

<http://www.burdastyle.com/projects/cloud-raindrop-mobile-pattern--2>

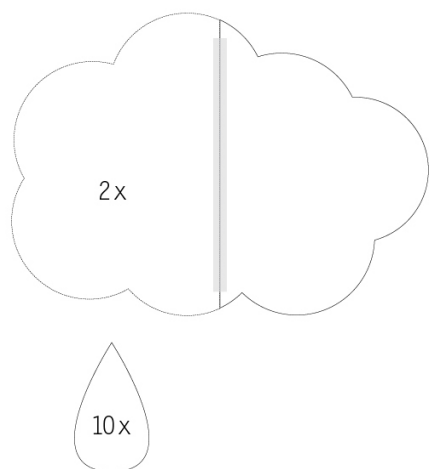

A fun project to hang on the wall or hang as a mobile.

Materials

I used gray linen and white felt, but it can be made with any fabric or color.

Step 1 — Cut + Sew

Cut out the pattern and tape the two cloud halves together. Cut 2x the cloud shape and 10x the raindrops. Use a blanket stitch on the outside and leave enough space to stuff the insides. Finish off and hang the raindrops at various lengths.
