

Halloween Fun

MATERIALS:

- One 9" x 12" sheet of Glitter Felt in Black
- One 9" x 12" sheet of Rainbow Classic Felt in Orange
- One 9" x 12" sheet of Rainbow Classic Felt in Kelly Green
- White craft glue
- Fabric glue
- Scissors
- One 5mm black pom pom
- Pencil
- 12" black or orange yarn
- Four 10mm wiggle eyes
- Small amount of fiberfill

INSTRUCTIONS:

STEP 1: CUT FELT

Cut all felt pieces according to pattern. When two pieces of the same shape are needed, pin and cut through two felt layers at the same time.

STEP 2: PUMPKIN FEATURES

Glue features in the following order, keeping them low as shown: mouth, nose, Black felt (or color of your choice) eyes, wiggle eyes in center of felt eyes and eyebrow above pumpkin's right eye.

STEP 3: STEM

Glue Kelly Green felt stem to back center of pumpkin.

STEP 4: HANGER LOOP

Glue ends of yarn to back of pumpkin to make hanger loop.

STEP 5: BACKING

Position and glue pumpkin to Black cat/pumpkin felt shape, gluing 1/4" in from edge in short increments to pre-

vent glue from drying too quickly. Leave bottom open between dots for stuffing. Allow to dry.

STEP 6: LEAF

Apply line of glue along dashed lines on middle of leaf. Pinch together and hold until set. (You may use a paperclip to hold in place.) Referring to photo, apply glue along back of fold and position onto top of pumpkin near stem.

STEP 7: CAT'S PAWS

Glue cat's paws to front of pumpkin as shown.

STEP 8: CAT'S EYES

Glue wiggle eyes to lower front of cat's face.

STEP 9: CAT'S NOSE

Glue pom-pom to lower front of cat's face, between the eyes, overlapping pumpkin halfway.

STEP 10: STUFF PUMPKIN

Lightly stuff pumpkin with fiberfill, using eraser end of pencil to evenly distribute fiberfill. To close apply line of glue to underside of pumpkin and press into place.
