

La marche des animaux

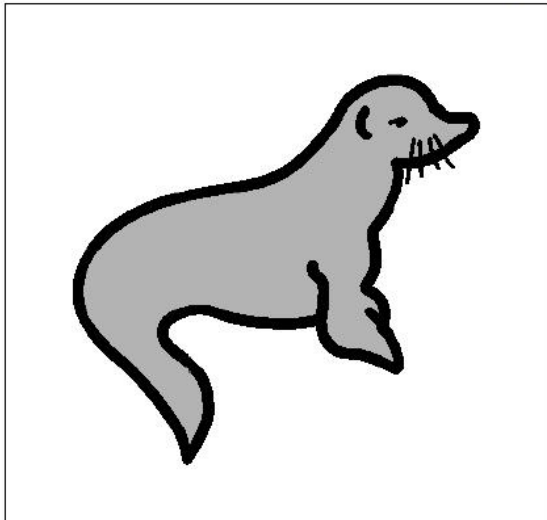

Le cheval

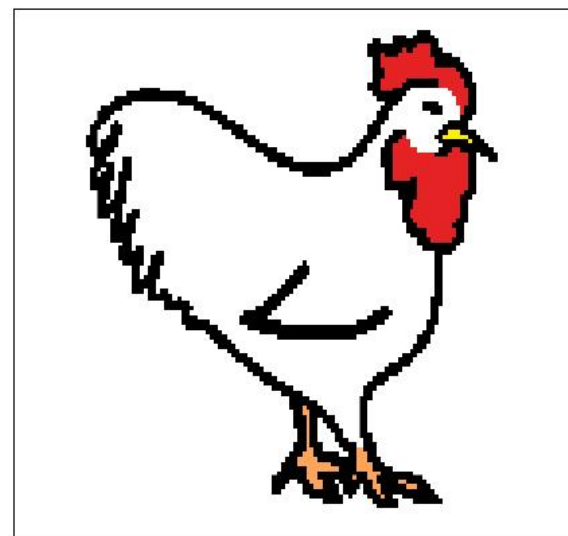

Galope, le genou reste fléchi

Le phoque

Se tire avec les bras,
les jambes étendues

La poule

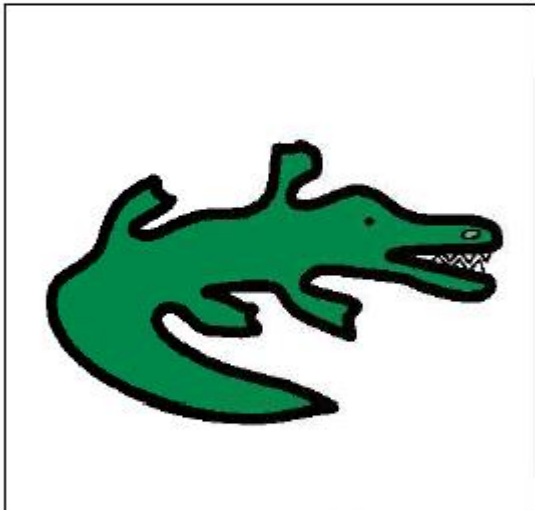

Marche en position accroupie

L'oiseau

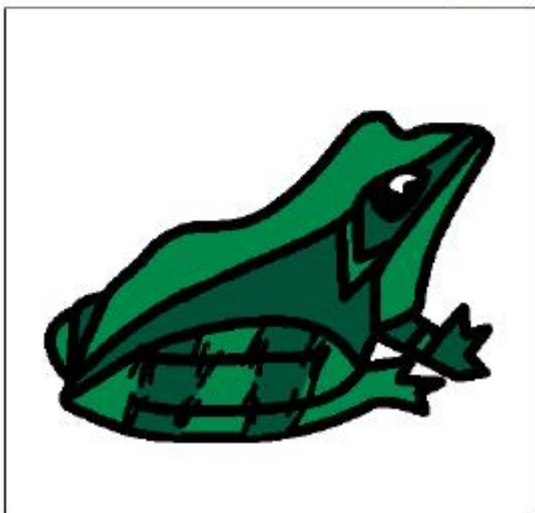

Sur la pointe des pieds
en battant des ailes

L'alligator

Avance bras et jambe opposée

La grenouille

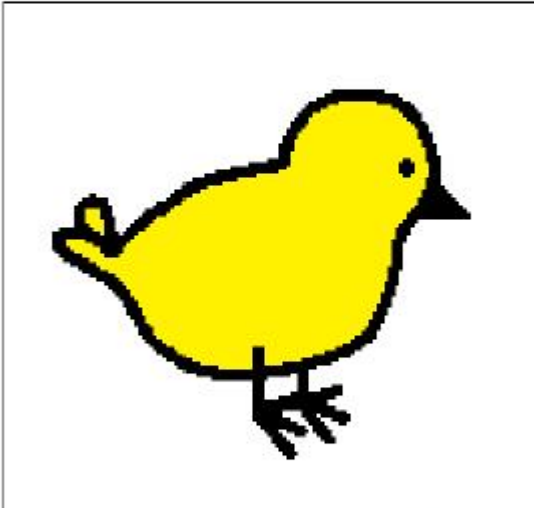

Sauts répétés en hauteur

L'ours

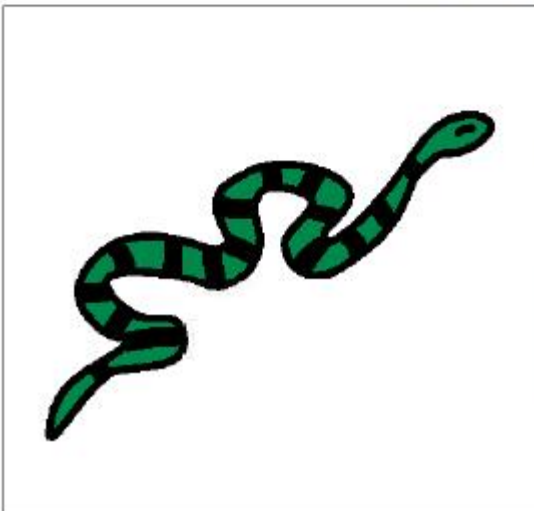

Mains et pieds, fessier relevé

Le poussin

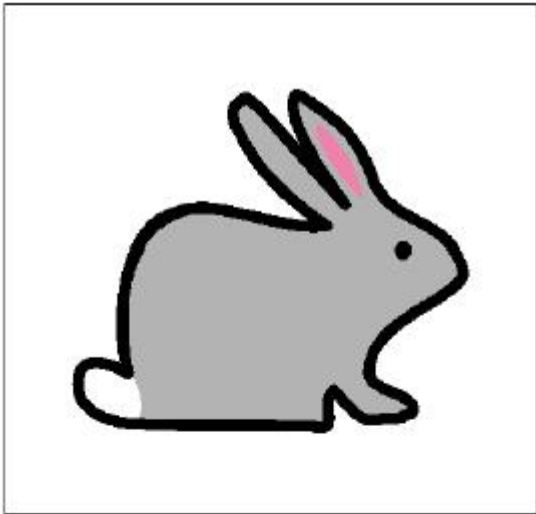

Marche en tenant les chevilles

Le serpent

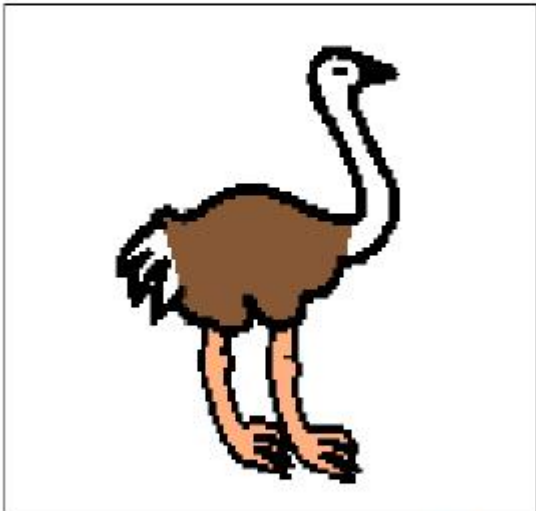

Avance en se tortillant

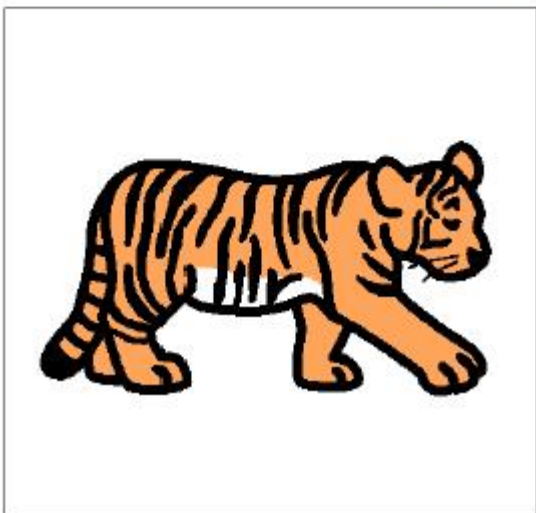

Le lapin

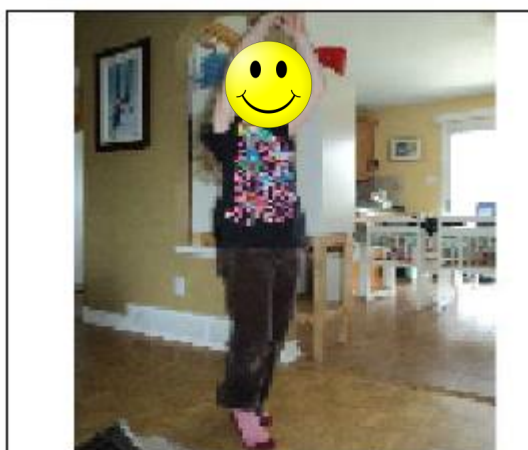

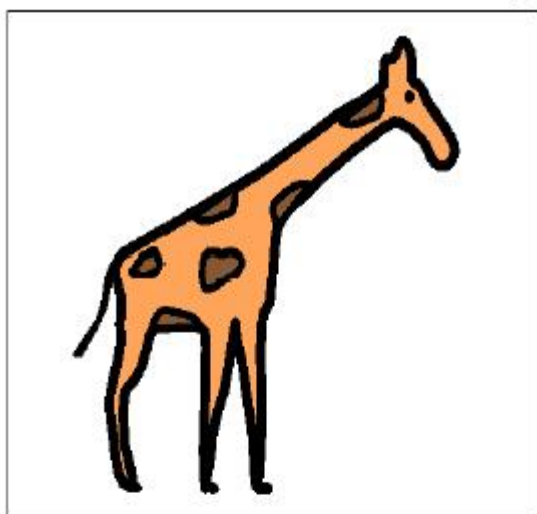

L'autruche

Le tigre

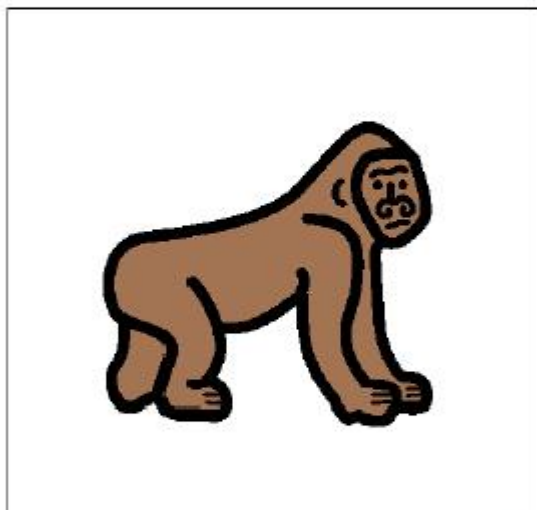

La girafe

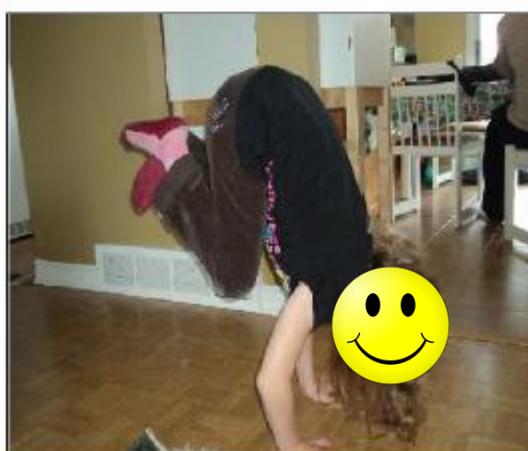

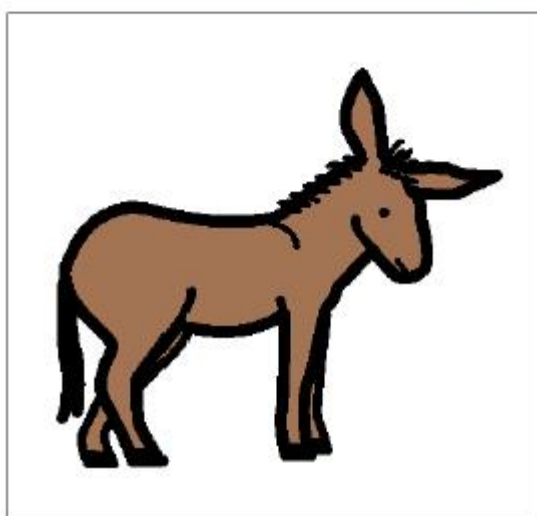

Pointe des pieds, les bras en haut

Le gorille

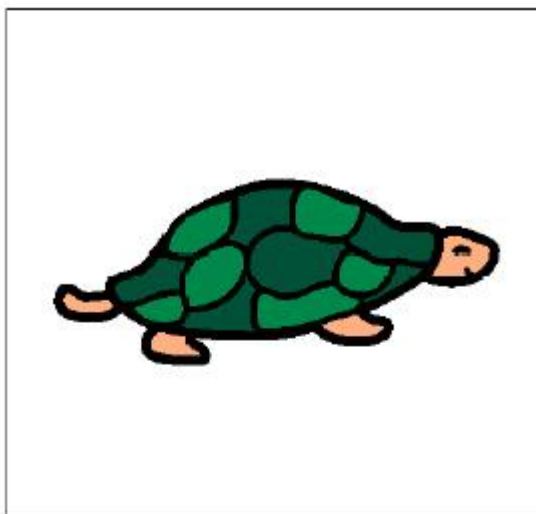

Sur les genoux et le dos des mains

L'âne

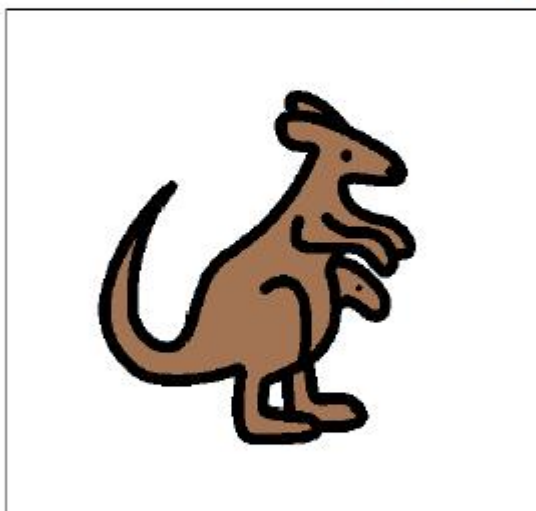

Soulèvement du bas du corps

La tortue

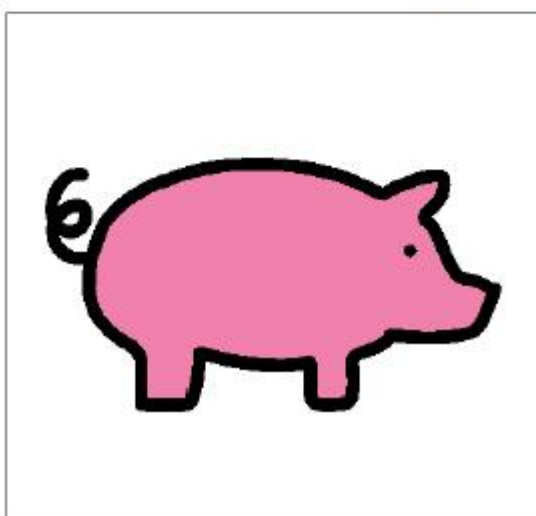

Se déplace à quatre pattes avec un coussin sur le dos

Le kangourou

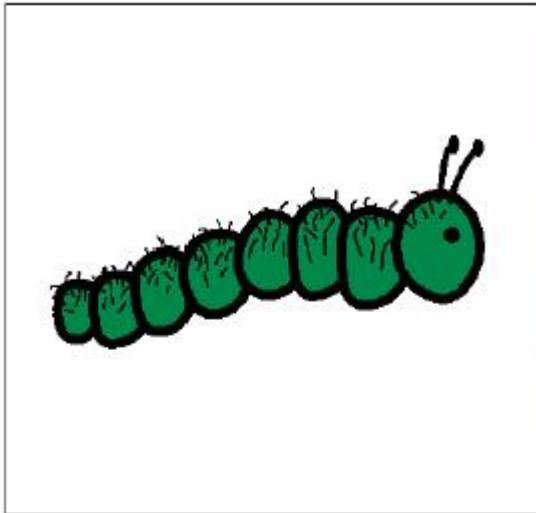

Saute à pieds joints avec mains sur le ventre

Le cochon

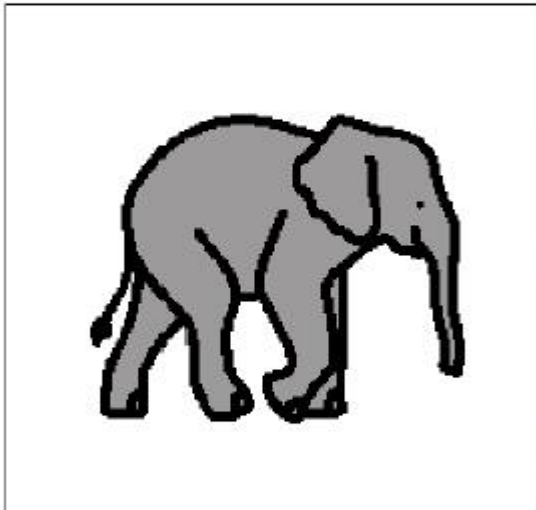

Marche sur les avant-bras en tirant le bas du corps

La chenille

L'éléphant

L'hippopotame
