

## EXERCICES

1) Table de 10 : calcule en ligne

$10 \times 10 = \underline{100}$

$10 \times 5 = \underline{50}$

$10 \times 9 = \underline{90}$

$10 \times 6 = \underline{60}$

$10 \times 4 = \underline{40}$

$10 \times 9 = \underline{90}$

$10 \times 7 = \underline{70}$

$10 \times 4 = \underline{40}$

$10 \times 5 = \underline{50}$

$10 \times 10 = \underline{100}$

$10 \times 2 = \underline{20}$

$10 \times 3 = \underline{30}$

$10 \times 4 = \underline{40}$

$10 \times 9 = \underline{90}$

$10 \times 8 = \underline{80}$

2) Multiplier par 10 : calcule en ligne

**1** La multiplication par 10. Calcule :

$2 \times 10 = \underline{20}$

$9 \times 10 = \underline{90}$

$3 \times 10 = \underline{30}$

$7 \times 10 = \underline{70}$

$8 \times 10 = \underline{80}$

$6 \times 10 = \underline{60}$

$5 \times 10 = \underline{50}$

$4 \times 10 = \underline{40}$

$1 \times 10 = \underline{10}$

**2** La multiplication par 10. Calcule :

$14 \times 10 = \underline{140}$

$75 \times 10 = \underline{750}$

$10 \times 10 = \underline{100}$

$8 \times 10 = \underline{80}$

$43 \times 10 = \underline{430}$

$89 \times 10 = \underline{890}$

$24 \times 10 = \underline{240}$

$9 \times 10 = \underline{90}$

$52 \times 10 = \underline{520}$

3) Multiplier par 10 : calcule en ligne

$43 \times 10 = \underline{430}$

$155 \times 10 = \underline{1550}$

$652 \times 10 = \underline{6520}$

$901 \times 10 = \underline{9010}$

$345 \times 10 = \underline{3450}$

$36 \times 10 = \underline{360}$

$257 \times 10 = \underline{2570}$

$103 \times 10 = \underline{1030}$

$801 \times 10 = \underline{8010}$

$469 \times 10 = \underline{4690}$
