Dear Yassir,

Hello ! how are you ? My name is Harry and I'm sixteen. I live in London, England. My father's name is Jack and my mother's name is Laura. I have got two brothers. They are called Tom and William. I have also got one sister. Her name is Sara.

We live on a flat with my family. It's big and modern and it's on the second floor. There are three bedrooms and two living rooms. There's a kitchen and a laundry room. There's also a study room.

At the weekend, I play football with my friends or we go to the cinema ; but now, I just stay at home because of corona virus. I revise my lessons and study online because the school is closed. I also surf the net and chat with my friends. Write and tell me about you and your family.

Best regards,

Harry
