

Exercice 27 (G) : Relation de Chasles.

3°3

Complète :

$$\overrightarrow{BA} + \overrightarrow{CM} = \overrightarrow{B}$$

$$\overrightarrow{AM} + \overrightarrow{AB} = \overrightarrow{A}$$

$$\overrightarrow{NC} + \overrightarrow{BC} = \overrightarrow{B}$$

$$\overrightarrow{PB} + \overrightarrow{PM} = \overrightarrow{P}$$

$$\overrightarrow{MC} + \overrightarrow{AB} = \overrightarrow{P}$$

$$\overrightarrow{BC} - \overrightarrow{PM} = \overrightarrow{C}$$

$$\overrightarrow{CP} - \overrightarrow{CM} = \overrightarrow{N}$$

$$\overrightarrow{AC} - \overrightarrow{AB} = \overrightarrow{A}$$
